People affiliated with its production:

As Stated In 1970:

You should make one of the important decisions in your business life now.

Were you one of those persons who passed up the opportunity to make a killing in the snowmobile business?

Were you one of the alert few who took their positions with the KIEKHAEFER'S-the EVINRUDE'S-the CHRYSLER'S during the heydey of the pleasure boat business?

Would you now pass up the challenge to be a forerunner in establishing yourself with air-cushion vehicles as the exciting new industry of today-an industry that offers virtual immunity from seasonal fluctuations in sales?

You can take your position now in this new enterprise with CushionFlight Corporation, the forerunner in

the entire field.

Test flown by the Las Vegas Nellis AirForce Base Thunderbirds and

CUSHIONFLIGHT-240

Air Cushion Vehicle flys on a cushion of air over land and water.

More versatility, more excitement, more year 'round fun than you ever dreamed possible!

The remarkable Cushionflight-240 hovers over virtually everything. Backwards. Forwards. Sideways. Over water, marsh and sand barred waterways. Over snow and ice...powdered, packed, solid or broken. Over seashore and over land! Your Cushionflight-240 goes wherever your sporting spiri! leads you. Year 'round. Wherever you're bound. On a cushion of air. Designed and developed by Cushionflight engineers and scientists over the past eight years, the Cushionflight-240 is now available—tested and proven—and ready for you!

PERFORMANCE:

30 MPH – Over water
40 MPH – Over land
Climbs a 20% Grade
Hovers 2" to 4" above surface
Makes easy transition from
land to water
Carries two adults
Zero turning radius
3.8 gallons per hour at cruise

\$3,495.00*

F.O.B. FACTORY
